BESKRIVELSE

A self-help guide for the creative freelancer. Structure the creative process, look like a pro and get better projects! This book is for the creative professional who wants to eliminate the time spend on all the administrative and practical fuzz of a creative project and help you get to the core of your creativity - do what you do best - by helping you get easily through the processes of negotiating a project, writing a contract and keeping the client happy. Practical tips and tricks on landing the good projects, pricing, planning and client management. Flavoured with practical templates and ideas for status-reports, pricing principles, contract-items and project plans. Focus your work on the stuff you love to do and let this book help you get through the more tedious tasks of administrating and project management of your work.
